The screenshot shows the Audio Transcoder application window. The interface includes a menu bar (File, Edit, Action, Options, Help), a toolbar with 'Audio CD Ripper' and 'Audio Converter' tabs, and a file list for 'Yann Tiersen 2008 - Tabarly'. A table of tracks is displayed below the file list, and a metadata panel is on the right. At the bottom, there are playback controls, an 'Output' section with file existence and folder options, and a 'Convert' button. Three callout boxes provide instructions: 'Step 1: Load the audio files.' points to the track list; 'Step 2: Configure the output.' points to the output format and quality settings; 'Step 3: Hit "Convert."' points to the 'Convert' button. A yellow note on the right says 'Convert Audio in 3 steps! Load, adjust, convert! Cool, isn't it? :-)'
